Biography

I am a professional bass player, bandleader, composer & music educator based in South Wales UK. Interested in music at a young age, I have succeeded in creating a career as an in demand bass player, composer, educator across the UK & on the international stage.

As a bass player, I have played many of the world's biggest stages, festivals & concerts, including Glastonbury & The O2. With performances & studio sessions for artists & organisations such as Mark Ronson, Jessie J, Rita Ora, Tinchy Stryder, La Roux, The BBC, Channel 4, Netflix & more.

As a session player, I am comfortable with any & all genres & can be found recording in some of the world's best studios such as Abbey Road, Electric Lady, Rockfield, Maida Vale & more.

In the world of music education, I have achieved the highest qualifications in my field, DipRSL (Diploma in Music Teaching) & LRSL (Licentiate in Music Teaching) for electric bass.

My composing abilities started while studying A Level Music & Music Technology in further education. I compose for many different projects including solo & group artists, TV & film, instructional tracks for music education & educational publications.

I have been listed as one of the most notable & renowned modern working bass players in the UK by numerous publications, websites, music industry professionals & most importantly my peers.

I am an endorsee/endorsed of/by ACS Custom, Aguilar Amplification, La Bella Strings, Overwater Basses & Remic Microphones.
